MSCFOUNDATION

A SMALL ACT OF GENEROSITY THAT MAKES A BIG DIFFERENCE
The MSC Foundation supports programmes that protect and nurture our blue planet's oceans and ecosystems, assist vulnerable communities in need, and come to the aid of populations struck by humanitarian emergencies around the world. We'll make it easy for you to support these initiatives by provisionally adding an optional donation of €/$/£1 per guest to your onboard account, which MSC will match to double its value and create an even greater impact. You can choose not to make this donation at any time during your cruise.

ONBOARD SAFETY AND CODE OF CONDUCT

YOUR SAFETY AND SECURITY

Safety and security are everyone's responsibility. If anyone becomes aware of unsafe or possibly illegal behaviour during their cruise, they should immediately report it.

COMPULSORY SAFETY EMERGENCY DRILL

A compulsory safety emergency demonstration will take place before departure on embarkation day in accordance with the International Convention for the Safety of Life at Sea (SOLAS).

LIFEJACKETS

Life jackets are located **at your assembly station (or your cabin/stateroom, according to the arrangement of the ship)**. Life jackets are available in Adult, Child, and Infant sizes.

FIRE EMERGENCY SIGNAL: 2 LONG BLASTS

In case of this signal, no action is required from our Guests. If you see a fire, raise the alarm immediately by activating one of the manual fire alarms, or by alerting a crew member. In the event of a fire, fire doors will close automatically. If corridors are filled by smoke, crawl on the floor and follow the low-level lighting on the corridor and stairway walls. Never use the lifts in an emergency situation. In the event of a smoke alarm, check that your cabin/stateroom and corridor are safe. If not, immediately leave to move to an area with clean air.

GENERAL EMERGENCY SIGNAL: 7 SHORT BLASTS + 1 LONG BLAST

If you hear this signal, whether the ship is at sea or in port, go quickly to your cabin/stateroom, collect your protective clothing, head covering, reliable footwear, and any medication you may require, then go to your Assembly Station. Do not use the lift. In a power failure, you may be trapped. When you reach your Assembly Station, remain as quiet as possible, in order to hear any instructions which may be broadcast over the speaker system or by the officers in the Assembly Station. If you are incapacitated or need assistance to reach your Assembly Station in an emergency, please inform the Guest Service.

MAN OVERBOARD SIGNAL: 3 LONG BLASTS

In case of this signal, no action is required from our Guests. If you see a person fall overboard or if you see someone in the water, immediately throw a lifebuoy to the person. Lifebuoys are available in several locations around the outer decks. Do not take your eyes off the person in the water, and shout out loudly 'Man overboard' and specify the left or right side of the ship (looking forward). Do this until the officers on the bridge or a member of the crew hear you and take action.

PREVENTION OF ACCIDENTS

An accident or injury could ruin your cruise. Please carefully follow the instructions in the safety video available on your TV in cabin/stateroom. **It is not allowed to leave any item in your balcony.**

CODE OF CONDUCT

We want every guest to have a truly enjoyable cruise experience. Therefore, MSC Cruises does not tolerate any behavior affecting the comfort, health, safety, and security of other guests or our crew. Please refer to the contract conditions for more details on this important policy.

SMOKING POLICY

In line with global standards, smoking areas on board are fewer than non-smoking areas and are indicated by signage and ashtrays. Smoking is forbidden in all indoor areas, with the sole exception of the casinos for players during opening hours (the casinos on MSC World Europa and MSC Euribia are non-smoking areas). Smoking (including e-cigarettes) is not permitted in cabins/staterooms, on cabin/stateroom balconies and anywhere not expressly indicated by signage and ashtrays. For safety reasons, and to minimize the serious fire risk posed by smoking in unauthorized areas, the Company reserves the right to levy a fee should passengers be found smoking in non-designated areas of the vessel. Repeatedly smoking in non-smoking areas can ultimately lead to disembarkation. We remind you to never throw lit cigarettes, cigars, or matches overboard as they may blow back and seriously put in danger safety at sea. Marijuana possession or use, including medical marijuana, is strictly prohibited on board, on shore excursions and at private destinations.

ALCOHOL

Consuming alcohol to excess impairs one's judgment and reduces one's ability to recognize and avoid potentially dangerous situations. Ship staff may refuse to serve alcoholic beverages in their sole discretion to any guest who does not consume alcohol responsibly. Adult guests are prohibited from providing alcohol to minors or young adults.

SECURITY PROTECTION

Guests are protected by a comprehensive security system, such as the MSC Cruises Access Control and Screening System, which requires proof of identity to access with tickets and on a pre-approved list. Also, all luggage must pass through strict checkpoints. Cabins/stateroom are protected by locks and are individually equipped with safe boxes. All public areas are monitored by cameras, while highly trained Security Officers continuously patrol the ship and are on call 24/7.

TRAVELLING WITH MINORS

Minors may only go ashore if accompanied by their parents or a legal guardian travelling in the same cabin/stateroom. Guests can add additional guardians by signing a dedicated waiver available on board at the Guest Service desk or the Kids Clubs.

CHILDREN 0-11 YEARS

If you are travelling with infants or children under 11 years, on embarkation day we will provide an ID wristband to be worn for the entire cruise. In the unlikely event of an emergency, while your children are involved in Kids Club activities, our staff will escort them to the Children's Pick-up Area. They will wait for you to arrive, then proceed to your Assembly Station.

GYM, GYM SAUNA, FITNESS CLASSES AND PERSONAL TRAINING SESSIONS

Guests are not to have any medical condition preventing the use of equipment in the gym and take full responsibility for any risks, injuries, or damages arising from it use.
From ages 13 years to 15 years, a parent or guardian must complete a GYM waiver and they must accompany the minor when using the GYM/GYM Sauna.

From ages 16 years to 17 years, a parent or guardian must complete a gym waiver only.
12 years and under are not permitted to use the GYM, GYM Sauna, Fitness Classes or Personal Training Sessions.
